EXPERIENCE

Harvard University – Environmental Health and Safety (October 2016 – Present)

Senior Environmental Project Manger

Manager: Kelly McQueeney

- Identify environmental health and safety risks for capital projects, mitigate those risks, and ensure compliance with local, State and Federal regulations;
- Review proposals, qualification packages and environmental submittals and advise stakeholders;
- Review design documents and specifications to identify potential environmental concerns during construction and building operations;
- Provide oversight and manage environmental evaluations, hazardous materials management, soil and groundwater and compliance;
- Coordinate with project managers, architects, general contractors, third party environmental consultants and environmental regulators;
- Participate in the development and implementation of environmental and safety programs; and
- Develop and maintain relationships with managers and stakeholders.

Fuss & O'Neill EnviroScience, LLC (May 2013 – October 2016)

Environmental Technician III/Environmental Analyst

Manager: Dustin Diedricksen (617) 778-3750

- Managed field operations, including water, soil, and air sampling for site characterization;
- Coordinated and implemented environmental work plans and monitoring programs;
- Conducted Phase I and Phase II environmental site assessments;
- Conducted building inspections for environmental compliance;
- Oversaw and directed subcontractors conducting renovations, drilling operations and environmental sampling programs;
- Characterized soil borings and bedrock core samples;
- Conducted Project Monitoring during hazardous material abatement projects;
- Provided site plans and maps using GIS and CAD;
- Oversaw and trained new employees and temporary employees in environmental sampling efforts; and
- Prepared environmental proposals, project specifications and technical environmental reports.

Massachusetts Institute of Technology Sea Grant Program (June 2012 – December 2012)

Environmental Scientist/Marine Ecologist

Supervisor: Judith Pederson (508) 791-3637

- Directed environmental surveys of coastal zone using Remotely Operated Underwater Vehicles (ROVs);

- Coordinated and led field operations assessing water quality, aquatic vegetation and invasive species;
- Managed and analyzed spatial data using GIS to evaluate aquatic habitats;
- Collaborated with federal and state environmental agencies on projects and research efforts;
- Analyzed and maintained water quality data collections;
- Conducted environmental policy assessments;
- Prepared reports, presentations and publications; and
- Documented and reported new invasive species range expansions.

Cohasset Massachusetts Conservation Commission (August 2021 – present)

Associate Commissioner

- Support the Conservation Commission to administer and enforce the local and state Wetland and Stormwater Regulations and Bylaws;
- Implement management plans;
- Enforce all applicable regulations and bylaws; and
- Panel member during public hearings regarding submitted applications.
